

July 2022: This map shows routes and station locations studied in a Draft Environmental Impact Statement (EIS). The Sound Transit Board identified the preferred alternative for the West Seattle Link Extension. Further study and community input are required before the Board confirms or modifies the preferred alternative for the Ballard Link Extension.*

Link light rail

West Seattle and Ballard Link Extensions

- Preferred alternatives
- Preferred alternatives with third-party funding
- Other Draft EIS alternatives

Route profiles

- Elevated route
- Tunnel route
- Surface route

- Current and future light rail service
- Station location

*Routes and station locations are subject to refinements based on ongoing planning and design activities. More detail available in the Draft EIS maps.

†Identified by the Sound Transit Board in July 2022. The Board will also consider the At-Grade South Station Option (SODO 1-b) as a possible Preferred Alternative with future endorsement contingent on resolving with partner agencies federal property acquisition requirements and project funding needs.
